Inexpensive yet imaginative. Extraordinary web design. It's that simple. Epiphany Creations specializes in both design elements (the visual impact) and content management. What this means is that Epiphany can create a unique, artistic look for your site as well as giving you significant control over the daily content. A successful website must have dynamic content that is updated often. This is where you come in. You'll be able to add content easily, without having to shell out additional dollars or say "mother, may I?" to anyone. It really is that simple. If you can type an email, you can update a website that is created for you by Epiphany. Some of the features Epiphany often uses in websites for clients:

- Interactive, client-driven articles
- Interactive, client-driven web calendar
- Forums and message boards
- RSS feeds
- Mobile device capabilities
- Photograph galleries

- Specializing in Joomla [VIEW PORTFOLIO](#) Every aspect of what Epiphany does is aimed at giving the client the ultimate control. And none of this is expensive. Typically, personal sites can cost as little as \$100 to set up. Small business sites are usually a bit more, as they require more initial content (often \$300 and up). Pricing is done on an individual needs basis. Please send Epiphany some information on what sort of project you have in mind, and we will give you a free consultation and quote. Domain registration and web hosting fees are separate. Epiphany also welcomes non-profits, and offers a variety of reduced rate options in certain cases.

Epiphany Creations prepares beautifully clear, elegant spaces online. Contact us for further information.
